

# Opportunities for Internships

## Student research fellowships in Barcelona

Selected students are given the opportunity to participate in ICFO's rich scientific life and to benefit from the experience of ICFO researchers, cutting edge facilities, industrial projects, a stimulating and multidisciplinary environment, as well as high-level training and administrative and technical support.

Fellowships will be offered across all ICFO research groups in the following research topics:

- Biophysics & Biomedical Optics
- Optical Sensing, Optoelectronics & Photovoltaics
- Nonlinear Optics, Ultrafast Optics & Atto Physics
- Nanophotonics, Optomechanics & Nanomechanics
- Experimental Quantum Optics & Quantum Information
- Theoretical Nanophotonics, Quantum Optics & Quantum Information

For further information about the research groups and activities at ICFO, please visit [www.icfo.eu](http://www.icfo.eu)

Are you interested in an internship at ICFO?  
For further details regarding open calls please see <http://jobs.icfo.eu>

Call for applications open in October and February
